

Advanced Colposcopy: Case-Based Course

Beyond the Guidelines

L'Enfant Plaza Hotel

Washington, DC

September 12–13, 2009

AMERICAN SOCIETY
FOR COLPOSCOPY AND
CERVICAL PATHOLOGY

*The society for lower genital
tract disease since 1964*

The American Society for Colposcopy
and Cervical Pathology (ASCCP)

Course Directors | Charles J. Dunton, MD | L. Stewart Massad, MD

Is this Educational Activity Right for Me?

The 2006 ASCCP Consensus Guidelines for the Management of Women with Abnormal Cervical Cancer Screening Tests and CIN/AIS established broad concepts governing the cervical cancer prevention process. Generalizations, however, can be difficult to apply to specific clinical situations. This course has been developed to provide clinicians with a working understanding of the science underlying the recommendations, as well as the ability to best utilize these guidelines in the interest of patients.

The target audience is all intermediate level clinicians who interpret the results of cervical cancer screening tests and who diagnose, observe, and treat preinvasive disease (e.g., gynecologists, family physicians, advanced practice clinicians (to include NPs, CNMs, PA-Cs), gynecologic oncologists, and residents in obstetrics-gynecology and family medicine). Learners will have familiarity with the core natural history of human papillomaviruses and cervical intraepithelial neoplasia; the gross and colposcopic anatomy of the cervix, vagina, and vulva; and, the fundamental principles of management of lower genital tract diseases.

Course Competencies and Objectives

This course has been designed to improve competencies in medical knowledge, systems-based practice, patient care, practice-based learning, interpersonal and communication skills, and professionalism. Upon completion of this activity, learners will be able to:

- Apply the basic and clinical science underlying the 2006 ASCCP consensus guidelines to the individualized management of abnormal screening tests and preinvasive histologic lesions;
- Apply guideline management to special populations (e.g., adolescent, post-menopausal, pregnancy)
- Devise management strategies for women with vulvar intraepithelial neoplasia (VIN);
- Implement cost-effective management of condylomata, VIN/VAIN, and HPV vaccination;
- Discuss proper management of low grade, high grade and early invasive lesions of the lower genital tract;
- Define appropriate post-treatment management for patients with lower genital tract disease; and,
- Understand and discuss counseling issues that surround lower genital tract disease.

Course Educational Methods

Case Sessions/Group Discussions:

In daily, faculty-led small group discussions, learners will work through case-based modules that illustrate the application of guidelines in individual cases. These sessions will provide intense and interactive exposure to multiple patient cases and will allow the learners to practice both assessing their understanding of the guidelines and selecting the proper screening and management pathways for patients. The case study discussions will utilize an audience response system, allowing the attendees to practice what has been learned and to receive immediate faculty feedback.

In the "Your Management Diagnosis Is?" session, participants will present their own difficult cervical or vulvovaginal patient histories and images before the faculty and their colleagues for assessment and discussion.

Open Question and Answer Sessions:

There will be a daily open question and answer period led by the presenter(s). Questions are solicited from the full audience, are read to the full audience, and are addressed to the full audience. In addition, educators seek teaching opportunities at breaks to answer specific questions one-on-one.

Course Syllabus:

The program syllabus contains the cases and slides from presentations as available from the course faculty.

In addition, each course participant will receive a copy of the Society's 2006 Consensus Guidelines Algorithms Speaker's Kit as a take home educational tool. Provided on a CD-ROM, the PowerPoint slide lectures present the differences between the 2006 and the 2001 guidelines, the justifications for the changes, and the 2006 guideline algorithms. The Speaker's Kit also contains the slide notes for the lectures, serving as an easy and complete lecture reference for those wishing to reinforce their understanding of the guidelines, as well as those called upon to provide educational forums for in-service events, grand rounds, residency rotations in lower genital tract disease, professional society meetings, and the like. The Speaker's Kit is a separate CME program that on completion can be worth an additional 6 hours Category 1 CME credit.

ACCME Accreditation

The American Society for Colposcopy and Cervical Pathology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The ASCCP Comprehensive Colposcopy course was planned and produced in accordance with the ACCME's *Essential Areas and Elements and Updated Criteria* (see www.accme.org).

Continuing Medical Education Credits

ASCCP — The American Society for Colposcopy and Cervical Pathology designates this educational activity for a maximum of 12.5 *AMA PRA Category 1 Credit(s)*TM. Physician should only claim credit commensurate with the extent of their participation in the activity.

ACOG — The American College of Obstetricians and Gynecologists has assigned up to 13 cognate hours (Formal Learning) of the ACOG Program for Continuing Professional Development for this program.

Instructions for Obtaining Continuing Medical Education Credit

To complete this program successfully and receive credit and a certificate of attendance, participants must follow these steps:

- Sign in each day at the ASCCP registration desk and attend case study sessions and question and answer sessions;
- Read the educational objectives and review and utilize the course syllabus;
- Complete the pre- and post-tests found online at www.asccp.org;
- Complete the course evaluation form online immediately following the post-test; and,
- Complete post-course assessment exercise (15 minute survey).

Management of Disclosure of Interest and Contributed Funds

As an accredited provider of CME credit, ASCCP is required to comply with the ACCME's *Standards of Commercial Support* and has implemented a management process to ensure that anyone who is in a position to affect the content of the educational activity (e.g., faculty, planners, etc.) has disclosed to us all relevant financial relationships with any commercial interest and has ensured that those relationships do not influence presentation materials. All faculty have agreed to base their presentations on best available evidence. ASCCP then discloses to learners any relevant financial relationship(s) within the past 12 months to include the following information: 1) the name of the individual; 2) the name of the commercial interest; and, 3) the nature of the relationship the person has with each commercial interest. Slides are reviewed for possible bias prior to the course by the course directors, and concerns are resolved prior to the presentation. Any discussion of off-label use of products is noted as appropriate, as is discussion of any limitations on the information that is presented, such as data that are preliminary or that represent ongoing research, interim analyses, and/or unsupported opinion. Disclosures of these commitments and/or relationships are published in the course materials and provided from the podium so those participants in the activity may formulate their own judgments regarding the presentation(s). Course directors and co-directors also monitor presentations for bias and intervene as appropriate to provide balance. Under ASCCP policy, anyone declining either to disclose or amend material to eliminate potential bias identified by the course directors will be replaced.

Course Faculty

Charles J. Dunton, MD

Division of Gynecologic Oncology
Lankenau Hospital
Professor
Jefferson Medical College
Philadelphia, Pennsylvania

L. Stewart Massad, MD

Professor
Division of Gynecologic Oncology
Department of Obstetrics and Gynecology
Washington University School of Medicine
St. Louis, Missouri

Beth C. Huff, MSN, NP

Assistant Professor
Department of Obstetrics and Gynecology
Colposcopy Clinic Coordinator
Vanderbilt University Medical Center
Nashville, Tennessee

Kathleen McIntyre-Seltman, MD

Associate Professor
Department of Obstetrics, Gynecology, and
Reproductive Services
University of Pittsburgh School of Medicine
Pittsburgh, Pennsylvania

David G. Weismiller, MD, ScM

Associate Professor and Vice Chair for
Academic Affairs
Department of Family Medicine
The Brody School of Medicine at
East Carolina University
Greenville, North Carolina

Terence J. Colgan, MD

Toronto, Ontario

Advanced Colposcopy: Case-Based Agenda

September 12 – 13, 2009 • L'Enfant Plaza Hotel • Washington, DC

Saturday, September 12th

6:45 – 7:15 am	Breakfast/ Registration
7:15 – 7:30 am	Welcome and Announcements
7:30 – 8:00 am	Case-based Course Goals/Objectives
8:00 – 8:30 am	Low-grade Squamous Intraepithelial Lesion (LSIL)
8:30 – 9:00 am	Cervical Intraepithelial Neoplasia (CIN) 1
9:00 – 9:30 am	Break
9:30 – 10:00 am	High-grade Squamous Intraepithelial Lesion (HSIL)
10:00 – 10:30 am	Cervical Intraepithelial Neoplasia (CIN) 2,3
10:30 – 11:00 am	HPV Vaccination
11:00 – 11:30 am	Participant Cases/Questions and Faculty Answers
11:30 – 1:00 pm	Lunch (on your own)
1:00 – 1:30 pm	Atypical Glandular Cells (AGC)
1:30 – 2:00 pm	Adenocarcinoma In-situ (AIS)
2:00 – 2:30 pm	Condyloma
2:30 – 3:00 pm	Break
3:00 – 3:30 pm	Atypical Squamous Cells of Undetermined Significance (ASC-US)
3:30 – 4:00 pm	Atypical Squamous Cells: Cannot Exclude High-grade Squamous Intraepithelial Lesion (ASC-H)
4:00 – 4:30 pm	Participant Cases/Questions and Faculty Answers

Sunday, September 13th

6:45 – 7:30 am	Breakfast/ Registration
7:30 – 8:00 am	Human Papillomavirus (HPV)
8:00 – 8:30 am	Screening
8:30 – 9:00 am	Vulvar Intraepithelial Neoplasia (VIN)/Vaginal Intraepithelial Neoplasia (VaIN)
9:00 – 9:30 am	Break
9:30 – 10:00 am	Unsatisfactory Smears
10:00 – 10:30 am	Pregnancy
10:30 – 11:00 am	Treatment
11:00 – 12:30 pm	Lunch (on your own)
12:30 – 1:00 pm	Adolescents: Low-grade Squamous Intraepithelial Lesion (LSIL)
1:00 – 1:30 pm	Adolescents: High-grade Squamous Intraepithelial Lesion (HSIL)
1:30 – 2:00 pm	Invasive Cancer
2:00 – 2:30 pm	Break
2:30 – 4:00 pm	Participant Cases/Questions and Faculty Answers

Additional Education Information

ASCCP's Colposcopy Mentorship Training Program

The ASCCP Colposcopy Mentorship Training is a three-tiered program designed to improve the beginning colposcopist's skills in understanding the disease processes of the lower genital tract.

- The first tier is the necessary didactic knowledge which is gained through this course (i.e., an ACCME-accredited basic colposcopy course or a U.S.-accredited residency program).
- The second tier is the mentorship training period in which the beginning colposcopist performs colposcopic examinations and deduces cytologic, colposcopic, and histologic correlation under the guidance of an experienced and ASCCP-approved mentor. This tier may be conducted in a private practice or clinic setting or in a U.S.-accredited residency program. To participate, please register with the ASCCP National Office. Any exams performed prior to confirmed registration will not count as part of the training.
- The third tier is an online exit examination entitled, the Colposcopy Mentorship Program Examination. Qualified persons should register through the ASCCP office. Upon successful completion of the exam, the ASCCP will issue a certificate of program completion.

Membership in the Society

Membership in the ASCCP includes both a print and online subscription to the *Journal of Lower Genital Tract Disease*, and allows you to utilize the ASCCP Pathology Consultation Service, view free self-assessment programs and pathology slide atlases on the Society's website, and receive special discounts for courses and educational products. Group Rate: \$189.00 Single/Double
Occupancy

Cut-Off Date: August 19, 2009

Experience an unforgettable stay shrouded in a stylish and world-famous locale at L'Enfant Plaza Hotel — the premier gateway to the nation's capital. Catering to both vacationers and business travelers, L'Enfant Plaza Hotel is a truly stunning Washington DC lodging spot. Enjoy easy access to the best attractions and companies in town. Delight in the convenience of the Metro — the underground hub located directly downstairs from our downtown DC lodging, servicing the five subway lines. When the day is done, take a sunset dip in the heated, rooftop pool, relax at our onsite restaurant and pub, and partake in a delicious dinner, microbrew, or tasty cocktail.

The Society has contracted with the L'Enfant Plaza Hotel for the special room rate of \$189 per night single/double occupancy. To secure hotel accommodations, call 800-635-5065 and mention that you'll be attending the ASCCP meeting. Please make your reservations early, as rooms and rates are on an as-available basis.

Travel and Transportation:

Airport Information: The L'Enfant Plaza Hotel is 4 miles/15 minutes (4 metro stops) from Reagan National Airport.

Transportation: Taxi fare to the hotel is about \$15 and metro is \$1.45 (January 2009). All major car rental agencies are located at the airport. Valet parking at the hotel is \$30/day and self-parking is \$18 (January 2009).
