Pathology (ASCCP)

Comprehensive
Colposcopy Directors
Barbara S. Apgar, MD, MS
R. Kevin Reynolds, MD

A scenic view of a city with a large, snow-capped mountain in the background. The foreground is filled with lush green trees and a garden with yellow and pink roses. A person is visible walking in the garden. The city buildings are visible in the middle ground, and the mountain dominates the background under a clear blue sky.

Comprehensive Colposcopy

April 7–10, 2010 | the Nines | Portland, Oregon

Is this educational activity right for me?

This evidence-based course has been developed for the beginning/intermediate colposcopist. This course is also of benefit to clinicians who received their initial training 5 years ago or more and thus need an update as to changes based on the NCI ALTS data, the 2006 national *Consensus Guidelines for the Management of Women with Abnormal Cervical Cancer Screening Tests* and the *Management of Women with Cervical Intraepithelial Neoplasia or Adenocarcinoma In-situ*, and new concepts about HPV screening and triage, treatment methods, and HPV epidemiology. It is designed to improve competencies in medical knowledge, practice-based learning, patient outcomes, and systems-based practices. The participant should be a licensed physician or advanced practice clinician who has attained an advanced clinical degree from an accredited institution and who makes gynecologic diagnosis and management decisions.

Course Competencies & objectives

Upon completion of this educational activity and its post-test and evaluation tool, the learner should be able to:

- Describe the anatomy, cytology, histology, and colposcopic findings of the normal and abnormal cervix, vagina, and vulva (medical knowledge);
- Elicit and document an appropriate history including risk factors for lower genital tract neoplasia (medical knowledge, practice-based learning);
- Understand the pathophysiology of lower genital tract neoplasia, including the role of oncogenic HPV in preinvasive and invasive diseases of the cervix, vagina, and vulva (medical knowledge);
- Apply new standards for cervical cancer screening, including HPV testing (systems-based practice);
- Describe the prevention of cervical neoplasia and genital warts using prophylactic HPV vaccines (medical knowledge);
- Discuss the challenges of colposcopy and management of cervical neoplasia for selected patient populations, such as adolescents, women infected with HIV, underserved women, and pregnant women (medical knowledge, practice-based learning, patient outcomes);
- Perform appropriate cytologic sampling, colposcopic evaluation, and biopsies (including endocervical sampling), and become familiar with instrumentation and necessary supplies (practice-based learning);
- Understand the Bethesda System of cervicovaginal terminology (medical knowledge);
- Recognize the diagnostic characteristics of cervical abnormalities (low-grade and high-grade cervical lesions as well as adenocarcinoma in-situ and cervical cancer) on cytologic, colposcopic, and histologic exam (practice-based learning, patient outcomes);
- Interpret and correlate cytologic, colposcopic, and histologic results (practice-based learning, patient outcomes);
- Formulate a plan of care for the management of women with Pap test abnormalities according to the most recent ASCCP Consensus Guidelines, the ASCUS/LSIL Triage Study (ALTS), and other evidence-based guidelines (practice-based learning, system-based practice, patient outcomes);
- Understand, but not perform, treatment options to include cryosurgery and electrosurgical loop excision procedure (LEEP) of the cervix (practice-based learning);
- Understand the diagnosis and management of vulvar and vaginal neoplasia (medical knowledge, practice-based learning, patient outcomes); and,
- Provide appropriate patient education and support (medical knowledge, patient counseling).

Course educational methods

Lectures: Each day, the participants attend general sessions designed around the Society's published Comprehensive Colposcopy curriculum, which details the necessary and basic principles considered the foundation of knowledge required to evaluate, diagnose, and manage lower genital tract disease in women. Each session concludes with a question and answer period led by the presenter(s).

Pattern Recognition/Case Sessions: Breakout sessions provide intense and interactive exposure to multiple cervical images to help sharpen colposcopic assessment skills. Over 500 different cervical images are presented during the span of a given course, allowing participants to practice assessing for adequacy of exam, presence or absence of disease, grading of abnormalities with direct feedback provided by the faculty, and selecting biopsy sites.

Hands-on Sessions for the Colposcopy Procedure, Biopsy Techniques, and LEEP and Cryosurgery Techniques: Interactive hands-on breakout sessions on the techniques and procedures used in colposcopy and the management of lower genital tract disease are presented. Under the direct supervision of faculty, participants participate in structured simulations to gain a basic understanding of these techniques.

Panel Discussions: For selected topics, participants will direct questions on how to integrate reported advances into their practices to panels of experts.

Continuing Medical education credits

ACCME Accreditation

The American Society for Colposcopy and Cervical Pathology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Continuing Medical Education Credits

ASCCP — The American Society for Colposcopy and Cervical Pathology designates this educational activity for a maximum of *22.5 AMA PRA Category 1 Credit(s)TM*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

ACOG — The American College of Obstetricians and Gynecologists has assigned 22 cognate credits for this program.

AAFP — This activity has been reviewed and is acceptable for up to 22.5 Prescribed credits by the American Academy of Family Physicians.

NPWH — This program has been approved by the Continuing Education Approval Program of the National Association of Nurse Practitioners in Women's Health for 22.5 contact hours.

Instructions for Obtaining Continuing Medical Education Credit

To complete this program successfully and receive credit and a certificate of attendance, participants must follow these steps:

- Complete the pre-test found online at <http://www.asccp.org/meetings/comprehensive.shtml> on or before April 7, 2010;
- Sign in each day at the ASCCP registration desk and attend lectures, case study sessions, and workshops;
- Read the educational objectives and review and utilize the course syllabus;
- Complete the pre- and post-tests found online at www.asccp.org/meetings/comprehensive.shtml;
- Complete the course evaluation form online immediately following the post-test; and,
- Complete post-course assessment exercise (15 minute survey).

Management of disclosure of interest and contributed funds

As an accredited provider of CME credit, ASCCP is required to comply with the ACCME's *Standards of Commercial Support* and has implemented a management process to ensure that anyone who is in a position to affect the content of the educational activity (e.g., faculty, planners, etc.) has disclosed to us all relevant financial relationships with any commercial interest and has ensured that those relationships do not influence presentation materials. All faculty have agreed to base their presentations on best available evidence. ASCCP discloses to learners any financial relationship(s) to healthcare-related commercial interests existing within the past 12 months to include the following information: 1) the name of the individual; 2) the name of the commercial interest; and, 3) the nature of the relationship the person has with each commercial interest. Course directors review presentation materials for possible bias prior to the course, and potential conflicts of interest are resolved prior to the presentation. Any discussion of off-label use of products is noted when appropriate, as is discussion of any limitations on the information that is presented, such as data that are preliminary or that represent ongoing research, interim analyses, and/or unsupported opinion. Disclosures of these commitments and/or relationships are published in the course materials and provided from the podium so those participants in the activity may formulate their own judgments regarding the presentation(s). Course directors and co-directors also monitor presentations for bias and intervene as appropriate to provide balance. Under ASCCP policy, anyone declining either to disclose or amend material to eliminate potential bias identified by the course directors will be replaced.

Comprehensive Colposcopy course faculty

Barbara S. Apgar, MD, MS

Program Director
Professor
Department of Family Medicine
University of Michigan Medical Center
Ann Arbor, Michigan

R. Kevin Reynolds, MD

Comprehensive Colposcopy agenda

April 7–10, 2010 • the Nines • Portland, Oregon

Wednesday, April 7, 2010

6:30 am – 7:15 am *Registration/Continental Breakfast/Visit Exhibits*

7:15 am – 7:30 am *Opening Remarks, Introductions*

The Cervix

7:30 am – 8:00 am *The Normal Cervix: Cytology, Colposcopy, and Histology*

Colposcopy: Technique and Essentials

8:00 am – 8:30 am *Colposcopy: Equipment and Supplies*

8:30 am – 9:00 am *Colposcopy: The Procedure*

9:00 am – 9:30 am *Questions and Faculty Panel Responses*

9:30 am – 10:00 am *Coffee/Tea Break and Visit Exhibits*

Contemporary Cervical Cancer Screening

10:00 am – 10:30 am *The Bethesda System 2001*

10:30 am – 11:00 am *Cervical Cancer Screening: New Approaches*

11:00 am – 11:30 am *Questions and Faculty Panel Responses*

11:30 am – 12:45 pm *Lunch (Provided)*

Lower Genital Tract Human Papillomavirus Infections

12:45 pm – 1:15 pm *Genital HPV Infection: Implications, Clinical Appearance, and Diagnosis*

1:15 pm – 1:45 pm *HPV Epidemiology and Vaccines*

1:45 pm – 2:15 pm *Lower Genital Tract Condyloma: Diagnosis and Treatment*

2:15 pm – 2:45 pm *Questions and Faculty Panel Responses*

2:45 pm – 3:00 pm *Break and Visit Exhibits*

3:00 pm – 5:15 pm *Workshops (CME, Participants Rotate Through Each)*

Workshop A: Slide Seminar: Gallery of Benign Cervical Colposcopic Findings

Workshop B: Slide Seminar: Normal Cervix, Squamous Metaplasia, and Transformation Zone

Workshop C: Comforting and Counseling: Patient Education, Psychosocial Issues of HPV, and Cervical Neoplasia

Thursday, April 8, 2010

6:30 am – 7:15 am *Registration/Breakfast/Visit Exhibits*

7:15 am – 7:30 am *Questions and Faculty Panel Responses*

Colposcopy of the Abnormal Transformation Zone

7:30 am – 8:00 am *Colposcopy of the Abnormal Transformation Zone*

8:00 am – 8:30 am *Cytology, Colposcopy, and Histology of Low Grade Squamous Intraepithelial Lesions (LSIL)*

8:30 am – 9:00 am *Cytology, Colposcopy, and Histology of High Grade Squamous Intraepithelial Lesions (HSIL)*

9:00 am – 9:30 am *Coffee/Tea Break and Visit Exhibits*

Colposcopy of Cervical Cancer

9:30 am – 10:00 am *Colposcopy of Occult and Overt Invasive Cervical Cancer*

10:00 am – 10:30 am *Assessment and Grading of Cervical Lesions: Where to Biopsy?*

10:30 am – 11:00 am *Adenocarcinoma In-situ and Adenocarcinoma*

- 11:00 am – 11:15 am Questions and Faculty Panel Responses
 11:15 am – 1:30 pm Workshops (*CME, Participants Rotate Through Each*)
Workshop A: Interactive Case Discussions and Slide Identification
Workshop B: Slide Seminar: Selecting Where to Biopsy
Workshop C: Slide Seminar: Condyloma, LSIL, HSIL and Cancer

Friday, April 9, 2010

- 6:30 am – 7:15 am Registration/Breakfast/Visit Exhibits
 7:15 am – 7:30 am Questions and Faculty Panel Responses
Therapeutic Management
 7:30 am – 8:30 am ASCCP Consensus Guidelines for the Management of Abnormal Cervical Cancer Screening Tests
 8:30 am – 9:30 am ASCCP Consensus Guidelines for Management of Cervical Intraepithelial Neoplasia and AIS
 9:30 am – 10:00 am Coffee/Tea Break and Visit Exhibits
 10:00 am – 10:30 am Cervical Cryotherapy: Indications, Techniques, and Outcomes
 10:30 am – 11:00 am Electrosurgical Loop Excision of the Cervical Transformation Zone
 11:00 am – 11:15 am Questions and Faculty Panel Responses
 11:15 am – 1:30 pm Workshops (*non-CME, Participants Rotate Through Each*)
Workshop A: Hands-on Practicum: Colposcopes, Cervical Biopsy, ECC, and Instrumentation
Workshop B: Hands-on Practicum: Electrosurgical Loop Excision of the Cervix
Workshop C: Hands-on Practicum: Cryosurgery for CIN

Saturday, April 10, 2010

- 6:30 am – 7:15 am Registration/Breakfast/Visit Exhibits
 7:15 am – 7:30 am Questions and Faculty Panel Responses
Challenges of Colposcopy
 7:30 am – 7:55 am Warning Signs of Invasive Cancer
 7:55 am – 8:20 am Colposcopy in Pregnancy
 8:20 am – 9:00 am Colposcopy of Benign and Neoplastic Conditions of the Vulva
 9:00 am – 9:30 am Questions and Faculty Panel Responses
 9:30 am – 10:00 am Coffee/Tea Break and Visit Exhibits
 10:00 am – 10:30 am Colposcopy of Benign and Neoplastic Conditions of the Vagina
 10:30 am – 11:00 am Adolescents — A Unique Population
 11:00 am – 1:15 pm Workshops (*CME, Participants Rotate Through Each*)
Workshop A: Interpreting Cytology and Histology Results
Workshop B: Case Studies Using the ASCCP Consensus Guidelines
Workshop C: Putting It All Together: Test Your Colposcopic Skills
 1:15 pm Adjourn

Additional Education information

ASCCP's Colposcopy Mentorship Training Program

The ASCCP Colposcopy Mentorship Training Program is a three-tiered program designed to improve the beginning colposcopist's skills in understanding the disease processes of the lower genital tract.

- The first tier is the necessary didactic knowledge which is gained through this course (i.e., an ACCME-accredited basic colposcopy course) or a U.S.-accredited residency program.
- The second tier is the mentorship training period in which the beginning colposcopist performs colposcopic examinations and deduces cytologic, colposcopic, and histologic correlation under the guidance of an experienced and ASCCP-approved mentor. This tier may be conducted in a private practice or clinic setting or in a U.S.-accredited residency program. To participate, please register with the ASCCP National Office. Any exams performed prior to confirmed registration will not count as part of the training.
- The third tier is an online exit examination entitled the Colposcopy Mentorship Program Examination. Qualified persons should register through the ASCCP office. Upon successful completion of the exam, the ASCCP will issue a certificate of program completion.

Membership in the Society

Membership in the ASCCP includes both a print and online subscription to the *Journal of Lower Genital Tract Disease*, and allows you to utilize the ASCCP Pathology Consultation Service, view free self-assessment programs and pathology slide atlases on the Society's website, and receive special discounts for courses and educational products. Group Rate: \$169.00 Single/Double Occupancy
Cut-Off Date: March 5, 2010

Poised in the heart of the city center at the top of the Historic Meier & Frank Building, the Nines is adjacent to some of the city's most distinguished destinations. As one of the country's premiere "walking" cities, Portland is an ideal spot to launch all of your adventures. Explore the tax free shopping at the nearby boutiques, dine in cutting edge restaurants in the Pearl District, or simply wind your way through the beautiful gardens and museum grounds that pepper this lively city. The Nine's concierge team is happy to arrange day trips to the mountains, wine country and beyond. The Nines is situated next to Portland's Pioneer Square and the MAX Light Rail.

The Society has contracted with the Nines for the special room rate of \$169 per night single/double occupancy. To secure hotel accommodations, call 888-627-7208 and mention that you'll be attending the ASCCP meeting. Please make your reservations early, as rooms and rates are on an as-available basis.

Travel and Transportation:

Airport Information: the Nines is 12 miles/20 minutes from Portland International Airport.

Transportation: Taxi fare to the hotel is about \$40 (December 2009). All major car rental agencies are located at the airport. Valet parking at the hotel is \$32/day (December 2009). The MAX Rail is \$2.30 (December 2009) one way, it picks up at the airport, and has a stop next to the Nines.
