

SUBJECT INDEX—VOLUME 9, 2005

- ABO blood group, and squamous cell carcinoma of vulva, 89
- Acetic acid, for visual inspection of cervix, 66(ab), 196(ab), 232
- Adenocarcinoma of cervix, cytologic predictions of, 71
- Advanced practice clinicians, performance of LEEP and cryotherapy by, 143
- ALTS Trial, 29
- ASCCP Humanitarian Committee, 1
- Atrophic epithelium, vs. CIN in postmenopausal women, 100
- Atypical glandular cells
- in cervical smears, 137(ab)
 - HPV DNA testing and, 197(ab)
- Atypical squamous cells, interpretation of, 124
- Bacterial vaginosis, 202(ab), 213
- Behçet disease, 55
- Biopsy, site selection during colposcopy, 36
- Book reviews
- Benign Diseases of the Vulva and Vagina*, 181
 - Modern Colposcopy: Textbook and Atlas, 2nd ed*, 242
- Cancer survivors, cancer screening practices by, 257(ab)
- Candidiasis
- cetirizine plus fluconazole for, 167
 - diagnosis of, 213
- c-erbB-2 expression, in cervical neoplasia, 256(ab)
- Cervical biopsy
- pain relief following, 171
 - random, in diagnosis of CIN, 139(ab), 198(ab)
 - site selection of, 36
- Cervical cancer
- cost of colposcopy services and, 160
 - cytologic predictions of, 71
 - early, excisional laser conization for, 138(ab)
 - fertility-sparing procedure for, 139(ab)
 - HPV vs. Pap smear in screening, 64(ab)
 - HPV variants in, 66(ab)
 - immune responses to HPV in, 197(ab)
 - papillary squamotransitional cell, 149
 - screening for, 68(ab), 140(ab), 141(ab), 197(ab), 199(ab), 254(ab), 257(ab)
 - vaginal radical trachelectomy for, 139(ab)
- Cervical dysplasia
- cervical acid phosphatase as biomarker for, 64(ab)
 - in teenager, 243
 - telomerase activity as marker for, 93
- Cervical imaging, digitized, 29, 200(ab)
- Cervical intraepithelial neoplasia
- vs. atrophic epithelium in postmenopausal women, 100
 - of cervical stump, 230
 - diagnosis of, 139(ab), 198(ab)
 - distribution of, 36
 - with high-grade squamous intraepithelial lesion, 2
 - HPV and, 136(ab), 201(ab)
 - HPV testing as predictor of, 154
 - laser CO₂ conization for, 198(ab)
 - recurrent, persistent HPV infection as risk factor for, 65(ab)
 - risk factors for, 23, 225
 - smoking and, 68(ab)
 - in teenaged women, 225
 - telomerase activity in, 93
 - treatment of, and disappearance of human papilloma virus, 19
- Cervical neoplasia
- cyclooxygenase and c-erbB-2 expression in, 256(ab)
 - HPV DNA vs. RNA testing to detect, 255(ab)
 - P16^{INK4a} in detecting, 256(ab)
- Cervical stump, CIN of, 230
- Cervicitis decidualis, and antepartum hemorrhage, 52
- Cervix
- acetic acid visual inspection of, 66(ab), 196(ab), 232
- Cetirizine, with fluconazole for vaginal candidiasis, 167
- Child sexual abuse, colposcopic findings in, 196(ab)
- Clinical Question: Ask the Experts, 55, 188, 243
- Colorectal carcinoma, Pap smear detection of, 236
- Colposcopically directed biopsy, in diagnosis of CIN, 139(ab), 198(ab)
- Colposcopy
- biopsy site selection during, 36
 - in child sexual abuse, 196(ab)
 - cost of, 160
 - digitized imaging in, 29, 200(ab)
 - liquid-based cytology in, 82
 - patient compliance with appointments, 78
 - in pregnant women, 146
 - preprocedural counseling for, 138(ab)
 - proficiency in, 195(ab)
 - quality control of, 29, 200(ab)
 - reliability of findings of, 23
- Cone biopsy, and later preterm birth, 139(ab), 198(ab)
- Cost-effectiveness, of cancer screening, 141(ab)
- Cryotherapy, performance by advanced practice clinicians, 143
- Cyclooxygenase expression, in cervical neoplasia, 256(ab)
- Cytology
- abnormal results in pregnancy, 146
 - liquid-based, usefulness of repeated, 82
 - in predicting endocervical glandular abnormalities, 71
 - tampon ThinPrep test, self-administered, 254(ab)

- Diagnostic errors, disclosure of, 216
- Diethylstilbestrol in utero, long-term manifestations of, 11
- Editorials, 143, 145, 205
- Endocervical curettage, in diagnosis of CIN, 139(ab), 198(ab)
- English National Health Service Cervical Screening Programme, 118
- Excisional laser conization, for early invasive cervical cancer, 138(ab)
- Felypressin, for pain following cervical biopsy and Semm coagulator treatment, 171
- Fertility, preservation of, in early cervical cancer, 139(ab)
- Fetus, cervical HPV infection in, 114
- Fluconazole, with cetirizine for vaginal candidiasis, 167
- Guidelines
for long-term manifestations of diethylstilbestrol in utero, 11
for vulvodynia, 40
- Health care costs, of HPV infection, 140(ab), 199(ab)
- Herpes simplex, of vulva, 202(ab)
- Hemorrhage, antepartum, cervicitis decidualis and, 52
- High-grade squamous intraepithelial lesion, "see and treat" for, 2
- Home study course
fall 2005, 245
spring 2005, 130
summer 2005, 182
winter 2005, 59
- Hormonal replacement therapy, with vaginal rings, 202(ab)
- Human immunodeficiency virus seropositivity, with vulvar cancer, 7
- Human papilloma virus
and CIN, 136(ab), 201(ab)
disappearance after treatment for CIN, 19
DNA testing, 197(ab), 255(ab)
health care costs of infection, 140(ab), 199(ab)
immune responses to, in cervical cancer, 197(ab)
interaction with smoking, and CIN, 68(ab)
intrauterine exposure to, 114
vs. P16^{INK4a}, in detecting cervical neoplasia, 256(ab)
paraffin sections, in detecting, 219
persistent infection, as risk factor for CIN recurrence, 65(ab)
RNA testing, 255(ab)
in screening for cervical cancer, 64(ab), 66(ab), 67(ab), 197(ab)
testing for, before supracervical hysterectomy, 230
type-specific testing, in predicting CIN, 154
variants in cervical cancer, 66(ab)
- Hybrid Capture II, in detecting HPV, 219
- Hysterectomy
vs. loop excision, 255(ab)
supracervical, HPV testing before, 230
- Imiquimod cream, for vulvar intraepithelial neoplasia, 137(ab)
- Index Medicus, *Journal of Lower Genital Tract Disease* listing in, 145
- Inflammation, in cervical smear results, 195(ab)
- Journal of Lower Genital Tract Disease*
MEDLINE (Index Medicus) listing, 145
new sponsors, 205
- Ki-67, in differentiating CIN from atrophic epithelium in postmenopausal women, 100
- Labia minora, extreme hypertrophy of, 201(ab)
- Laser CO₂ conization, for CIN, 198(ab)
- Loop electrosurgical excision
avoidance of, 23
for CIN, 65(ab)
and disappearance of human papilloma virus, 19
vs. hysterectomy, 255(ab)
patient compliance with appointments, 78
performance by advance practice clinicians, 143
- MEDLINE, *Journal of Lower Genital Tract Disease* listing in, 145
- Menopausal symptoms, vaginal HRT rings for, 202(ab)
- Misoprostol, topical, for plasma cell vulvitis, 176
- National Vulvodynia Association, 239
- P16, in differentiating CIN from atrophic epithelium in postmenopausal women, 100
- P16^{INK4a}
in detecting cervical neoplasia, 256(ab)
in differentiating vulvar intraepithelial neoplasia and squamous cell carcinoma, 108
- Pain, following cervical biopsy and Semm coagulator treatment, 171
- Pap smear
atypical glandular cells in, 137(ab)
atypical squamous cells in, 124
in detection of colorectal cancer, 236
inflammation in results, 195(ab)
in screening for cervical cancer, 64(ab), 67(ab)
vs. self-administered tampon Thin-Prep test, 254(ab)
- Papillary squamotransitional cell carcinoma, of cervix, 149
- Paraffin sections, in detecting HPV, 219
- Patient advocacy movement, for vulvodynia, 239
- Patient compliance
in military clinic, 78
preprocedural counseling and, 138(ab)
- Plasma cell vulvitis, topical misoprostol for, 176
- Polymerase chain reaction, in detecting HPV, 219
- Pregnancy
abnormal cytology results in, 146
vaginal infections during, 213

- Presidential column, 1
- Preterm birth, previous cone biopsy and, 139(ab), 198(ab)
- Prilocaine, for pain following cervical biopsy and Semm coagulator treatment, 171
- Quality assurance, disclosure of diagnostic errors, 216
- Quality control, of digitized colposcopic imaging, 29, 200(ab)
- Retrospective pathology reviews, disclosure of diagnostic errors and, 216
- Screening
- barriers to, 141(ab)
 - cost-effectiveness of, 141(ab)
 - diagnosis and outcomes in, 140(ab), 199(ab)
 - health care access and, 254(ab), 257(ab)
 - HPV vs. Pap smear, 67(ab)
 - in Latina immigrants, 68(ab)
 - opportunistic vs. organized, 68(ab)
 - quality assurance in United Kingdom, 118
 - of teenaged women, 225
 - visual inspection with acetic acid, 66(ab), 196(ab), 232
- “See and treat,” in high-grade squamous intraepithelial lesion, 2
- Semm coagulator, pain relief following treatment with, 171
- Sexual abuse, colposcopic findings in, 196(ab)
- Society news, American Society for Colposcopy and Cervical Pathology, 62, 134, 193, 248
- Speculum, for collecting vaginal exudates, 213
- Squamous cell carcinoma of vulva
- ABO blood group and, 89
 - P16^{INK4a} expression in, 108
- Tacrolimus, and herpes simplex of vulva, 202(ab)
- Tampon ThinPrep Test, self-administered, 254(ab)
- T-cell response, in vulval intraepithelial neoplasia, 64(ab)
- Telomerase activity, as marker for premalignant cervical disease, 93
- Tinidazole, for bacterial vaginosis, 202(ab)
- Trichomonas vaginalis* infection, diagnosis of, 213
- Ulcers, vulvar, 188
- Vaginal candidiasis
- cetirizine plus fluconazole for, 167
 - diagnosis of, 213
- Vaginal dysplasia, in teenager, 243
- Vaginal radical trachelectomy, for early cervical cancer, 139(ab)
- Vaginal rings, for HRT, 202(ab)
- Vaginosis, bacterial, 202(ab), 213
- Vulva, herpes simplex of, 202(ab)
- Vulvar carcinoma
- with human immunodeficiency virus seropositivity, 7
 - squamous cell
 - ABO blood group and, 89
 - P16^{INK4a} expression in, 108
- Vulvar intraepithelial neoplasia
- HPV-related and -unrelated types, 138(ab)
 - imiquimod cream for, 137(ab)
 - medical management of, 206
 - P16^{INK4a} expression in, 108
 - T-cell response in, 67(ab)
- Vulvar ulcers, 188
- Behçet disease and, 55
- Vulvitis, plasma cell, topical misoprostol for, 176
- Vulvodynia
- management guidelines for, 40
 - patient advocacy movement for, 239
