

ASCCP 2021 Virtual Scientific Meeting on Anogenital & HPV-Related Diseases Starting in April 2021

Early Bird Registration Ends January 31

*Improving Lives Through the Prevention & Treatment
of Anogenital & HPV-Related Diseases*

About the Meeting

The ASCCP 2021 Virtual Scientific Meeting on Anogenital & HPV-Related Diseases is an interdisciplinary meeting that brings together healthcare professionals in the areas of obstetrics and gynecology, family medicine, oncology, pathology, internal medicine, and dermatology, as well as industry representatives.

Offering a combination of live sessions and on-demand recordings, this meeting will give attendees flexibility in accessing exciting content, including, but not limited to, the 2019 ASCCP Risk-Based Management Consensus Guidelines, racial disparities in outcomes and screening in cervical/head/neck cancer, microbiome and HPV clearance, new technologies, and HPV testing and vaccine.

Program Chairs

Co-Chair
**Levi S. Downs, Jr.,
MD, MS**
Park Nicollet
Health Services
Minneapolis, MN

Co-Chair
**Akiva P. Novetsky,
MD, MS**
Rutgers - New Jersey
Medical School
Newark, NJ

Assistant Co-Chair
**Patty Cason,
MS, FNP-BC**
Envision Sexual and
Reproductive Health
Los Angeles, CA

Expand Your Knowledge Through Pre-Courses!

The following pre-courses will be available on-demand and can be viewed at your convenience for up to 6 months following the meeting. Take one or both. Separate registration fees are required.

Advanced Discussions in Vulvovaginal Diseases

The Advanced Discussions in Vulvovaginal Diseases course is designed to provide an up-to-date review of vulvovaginal conditions and will discuss questions regarding a variety of common presenting conditions. Presentations will cover vaginitis with a focus on noninfectious and persistent, the “itchy” vulva, atrophy and vulvodynia, as well as vulvar procedures tips and tricks.

Course Level: Intermediate to Advanced

Speakers:

Colleen K. Stockdale, MD, MS, Course Director; Hope K. Haefner, MD; Kathryn C. Welch, MD; and Cynthia A. Rasmussen, MD

Screening for Anal Disease

This course is for providers with experience in colposcopy of the female genital tract who may have background in high-resolution anoscopy through a previous course or are in practice. This course is designed to provide a current and comprehensive review including a discussion of cases (presentation, diagnosis, and management) regarding common presenting complaints.

Course Level: Advanced

Speakers:

Lisa Flowers, MD, MPH, Course Director; Naomi Jay, PhD, NP, RN; Michelle J. Khan, MD, MPH; and Joel M. Palefsky, MD

Registration Fee: \$275.00 per Pre-Course

Program Highlights

Keynote Lecture

Pap Smear to Papillomavirus: The Conquest of Cervical Cancer

Robert D. Burk, MD

Professor and Vice Chair, Translational Research, Pediatrics,
Professor, Microbiology and Immunology,
Professor, Epidemiology and Population Health, Albert
Einstein College of Medicine
Attending Physician, Pediatrics, Children's Hospital
at Montefiore

Dr. Burk will discuss our progress towards prevention of cervical cancer as one of modern medicine's great accomplishments. This presentation will highlight the evidence bringing us from the early days of pap smears to the extraordinary contribution of human papillomavirus (HPV) testing and the increasing significance of HPV types.

— More About Dr. Burk

Dr. Burk received his MD from the George Washington University School of Medicine and completed surgical internship at UCSF followed by a residency in pediatrics at UCSF. He then completed a medical genetics fellowship at Johns Hopkins. He is board certified in both pediatrics and medical genetics. His research interests include the natural history of cervical human papillomavirus (HPV), papillomavirus genomics, and understanding HPV variation and human disease. He has published over 450 papers in peer-reviewed journals.

Dr. Burk has been a member of the Papillomavirus Study Group of the International Committee on Taxonomy of Viruses (ICTV) for over 20 years and was the past chair of the group. He is a member of the executive board of the International Papillomavirus Society (IPVS). He has been consistently funded by NIH for over 30 years and is an elected Fellow of the AAAS.

Program

Plenary #1: Racial Disparities

Moderator: Levi S. Downs, Jr., MD, MS

➤ *Implicit Bias*, Levi S. Downs, Jr., MD, MS

➤ *Racial Disparities in Cervical Screening & Cervical Cancer*, Michelle J. Khan, MD, MPH

➤ *Racial Disparities in Head and Neck*, Gypsyamber D'Souza, PhD, MPH

2019 Guidelines

Moderator: Didem Egemen, PhD

➤ *Guidelines Summary and FAQs Over the Past Year of Implementation*, Rebecca B. Perkins, MD, MSc & Richard S. Guido, MD

➤ *Opportunities and Obstacles of the New Guidelines in Clinical Implementation*, Rebecca B. Perkins, MD, MSc & Richard S. Guido, MD

➤ *High-Level Methods with Description of Risk Thresholds*, Didem Egemen, PhD

Updates on Head and Neck Cancer Epidemiology

Moderator: Gypsyamber D'Souza, PhD, MPH

➤ *Will Screening Play a Role in Management of H&N Disease?*, Eleni Marie Rettig, MD

➤ *Risk Factors for HNC and Gender Consideration. Effect of Sexual Behavior, Tobacco, etc., Differences by Sex and Implications*, Anna R. Giuliano, PhD

➤ *Risk Prediction of HNC Survival*, Carol Fakhry, MD, MPH

Includes live and on-demand sessions

Plenary #2: Keynote

- *Keynote: Pap Smear to Papillomavirus: The Conquest of Cervical Cancer*, Robert D. Burk, MD

Spotlight on New Technologies

Moderator: Mark H. Einstein, MD, MSc

- *Enduring Guidelines: Incorporating New Technologies into Screening and Management Guidelines*, Nicolas Wentzensen, MD, PhD
- *p16/Ki-67 Dual Stain in Screening and Management*, Megan A. Clarke, PhD, MHS
- *HPV Genotyping in Screening and Management*, Elizabeth R. Unger, MD, PhD

Microbiome and HPV Clearance

Moderator: Anna-Barbara Moscicki, MD

- *Microbiome and Inflammation in HPV and CIN 2 Clearance*, Anna-Barbara Moscicki, MD
- *Cervicovaginal Microbiome, Inflammation and HPV Natural History*, Robert D. Burk, MD
- *Anal Microbiome and HPV-Associated Anal Disease*, Joel M. Palefsky, MD
- *The Role of the Cervicovaginal and Gut Microbiome in HPV Gynecologic Malignancies*, Travis T. Sims, MD, MPH

Plenary #3: Primary HPV Testing

Moderator: Philip E. Castle, PhD, MPH

- *Human Papillomavirus (HPV) Testing With and Without Cytology Co-Testing: Is the Juice Worth the Squeeze?*, Philip E. Castle, PhD, MPH

**Abstracts will also
be presented**

➤ *Implementation in the U.S.—Barriers and Strategies*, Walter K. Kinney, MD

➤ *The Challenges of the Diffusion of New Technologies to All Populations: The Case of HPV Testing*, Electra D. Paskett, PhD

Self Collection for Primary HPV Screening, Mark S. Schiffman, MD, MPH

Plenary #4: HPV Ecology and Cervical Cancer Screening in Post-Menopausal Women

Moderator: Patti E. Gravitt, PhD, MS

➤ *New Acquisition and Viral Reactivation: HPV Natural History Through the Lifespan*, Rachel L. Winer, PhD, MPH

➤ *Cervical Cancer and HPV by Age. Where Do We Stand on Risk at Older Ages?*, Anne F. Rositch, PhD, MSPH

➤ *Overview of Screening Performance and Screening History Assessment in Postmenopausal Exiting Decisions*, Michelle I. Silver, PhD

➤ *Clinical Management and Counseling of Menopausal Women in HPV Screening Programs*, Anne Hammer, MD, PhD

➤ *Significance and Differential Diagnosis of New HPV Detection*, Maria DeMarco, PhD, MPH

**Content will be
available for 6 months**

Plenary #5: New Frontiers for the HPV Vaccine

Moderator: Kimberly L. Levinson, MD, MPH

- *HPV Vaccine History, Indications, and Promising Uses for the Nonavalent HPV Vaccine*, Kimberly L. Levinson, MD, MPH
- *Extending the Benefits of HPV Vaccination to the Prevention of Head and Neck Cancers*, Anna R. Giuliano, PhD
- *Repurposing HPV Vaccinations for the Prevention of Head and Neck Cancer*, Sara I. Pai, MD, PhD

- *Therapeutic Vaccines Under Development for Cervical Cancer*, Leslie R. Boyd, MD

Your Diagnosis Is

Moderator: Colleen K. Stockdale, MD, MS

This interactive session will test participants knowledge regarding vulvovaginal clinical cases, including presentation, diagnosis, and management.

Panelists:

Hope K. Haefner, MD
Kathryn C. Welch, MD
Cynthia A. Rasmussen, MD

Colposcopy Review

➤ *Colposcopy: Tips and Tricks for a Successful Practice*, Barbara S. Apgar, MD, MSc & Candice A. Tedeschi, NP

Plenary #6: Beyond CDC Coaching: HPV Vaccination in Populations with Unique Barriers

Moderator: Deanna G.K. Teoh, MD, MS

➤ *Preventing Secondary Malignancy: HPV Vaccination for Pediatric, Adolescent, & Young Adult Cancer Survivors*, Deanna G.K. Teoh, MD, MS

➤ *Catch-up and Mid-Adult HPV Immunization: Focus on Low Income and Uninsured Adults*, Sangini S. Sheth, MD, MPH

Project ECHO

Moderator: Kathleen M. Schmeler, MD

Panel session and discussion presenting an innovative and collaborative model to impact cervical cancer screening and management of pre-invasive disease in medically underserved areas of Texas and internationally.

Panelists:

Ellen S. Baker, MD, MPH
Mila P. Salcedo, MD, PhD
Rebecca Richards-Kortum, PhD
Joseph Anthony Ogburn, MD
Alan G. Waxman, MD, MPH
Kathleen M. Doughtie, DNP, APRN, WHNP

Why Attend a Virtual Meeting?

- Access more content at a lower cost
- Virtual meetings offer a flexible schedule with on-demand recordings
- Access content from the safety and comfort of your home or office
- Earn more CME credits

Early Bird Registration Ends January 31!

Become an ASCCP Member and Save on Registration

Registration Type	Early Bird Registration (Ends January 31)	Regular Registration
Physician Member	\$695	\$745
Physician Non-Member	\$995	\$1,045
Nurse/Nurse Practitioner/ Midwife Member/ Physician Assistant/Researcher Member	\$595	\$645
Nurse/Nurse Practitioner/ Midwife Member/ Physician Assistant/Researcher Non-Member	\$895	\$945
Trainee Member	\$295	\$345
Trainee Non-Member*	\$395	\$445
Non-Medical/Industry Consultant	\$1,095	\$1,145
International World Bank Rate**	\$395	\$445

* Trainees registering as non-members will be asked to provide a letter from their Department Chair confirming residency status or a copy of their student ID card.

** International World Bank Rate: Attendees who reside in countries that are considered 'Lower-middle' or 'Low' income countries are eligible for a discounted rate.

Continuing Medical Education Credits

Credit information is based on the original live program and are expected to increase. Final number of credits available will be announced prior to the start of the meeting.

ACCME Accreditation

ASCCP is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Scientific Meeting

ASCCP designates this enduring activity for maximum of 20 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Pre-Course: Screening for Anal Disease

ASCCP designates this enduring activity for a maximum of 3.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Pre-Course: Advanced Discussions in Vulvovaginal Diseases

ASCCP designates this enduring activity for maximum of 3.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The advertisement features a smartphone in the foreground displaying the ASCCP logo. The background is a blurred image of a medical setting with a stethoscope, a laptop, and a hand holding a pen. Overlaid on the background is a white ECG line and a chemical structure diagram. The text is in a clean, sans-serif font.

With new ASCCP Risk-Based Management Consensus Guidelines, comes a new ASCCP App!
